CIV-22-457J

Claim / Complaint / Cause of Action

Comes Now I Todd Hunter, Supreme Authority of the United States; Benefactor of the United States Constitution & Oklahoma Constitution pursuant to the Supreme Law of the Land hereby applies for order directing the above listed Agencies to return my son M [REDACTED] K [REDACTED] Heir to the Kiaga Dynasty. The listed agencies involved have Kidnapped, extorted, poisoned the Heir, placing him in imminent danger causing irreparable harm.

On 4/20/22 the above agencies in concert created Fraudulent Documentation, to infringe on the protected right of family autonomy. The above agencies listed used non-sealed documents, and Fictitious testimony Kidnapping, violating Title 18 USC 242- Deprivation of Rights under the color of law. Upon the taking of my son, the agencies ordered, denying the Heir Breast Milk as consented to by me. They have given him

processed-chemically derived formula. Disrespecting the heritage, culture, traditions of our family. The "formula" has caused his head to have "black scabs" on the top, causing his hair to fall out, this skin is rash, he know has difficulty breathing, with dried mucus.

My M [REDACTED] is a premature Heir, born on January when he was slated for March of this year. Through collaboration of Mercy Hospital, Dr. Alicia Solomon to, thru Amanda Lathue, DHS with the aid of Brenda Nipp- Assistant District Attorney; Steven Kister-Judge; Phillip Corley-Judge; Sarah Oliver-DHS, Whitehead-DHS Micheal Kulling-Special Judge is being used to hostage M [REDACTED]. The workers of these Agencies claim that natural foods derived from our planet are not sufficient for Miles. The actors involved deny my consent and have given M [REDACTED] formula that has caused unwanted side effects. Exhibit A is the cans provided by the Dr. Upon reading the information as a informed consumer it is dangerous to give any child the formulas manufactured. It has been settled beyond controversy that breast Milk, is the best for all humans, yet the agencies and state actors seek to deny withholding my Heir extorting me to carry out actions that go against our culture, Knowledge education, heritage, traditions of our family.

The actors and agencies listed have engaged in fraud on the court, carrying out R.I.C.O. activities. I was never summoned to court for the "Petition" drafted by the actors. Kistler created a search warrant with a bogus testimony from an Officer Andrew Wilson to take my Heir. The "Voluntary Services" provided, by D.H.S., are not consented to. The "Medical advice" given caused controversy as formulas have been recalled due to dangers and the harm it causes infants.

For eons humans have used the power of mother nature, creating healthy, intelligent, loving people. It has been settled from numerous studies that processed, chemicals, unnatural foods are dangerous to the mind body and soul.

Therefore, the relief requested is:

1. Enforce the return of My Heir M.K.
2. \$100,000 for punitive damages
3. \$250,000 for violation of 18 USC 241 Conspiracy Against Rights
